Republican Silver Recor

Demonetized Silver 1873 Defeated Coinge Bill 1875 Defeated Free Coinage 1878 Republican Vote.

For. Against 23 June 25 1886 30 April 8 1888 15 June 7 1888 15 June 7 '90 (Senate) 25 11 March 24 '92 (House) 67 11 July 2 '92 (Senate) 111 Bland Bill. Recapitulation 683

A SUGGESTION.

The gall of the Republican party in running Charles Bray for County Commissioner has almost taken away the breath of the community.

For many years, Mr. Bray as County Commissioner drew large sums of money from the county to which he was not legally entitled. In fact the law made it a statutory offense, punished by fine and imprisonment.

The position taken by the APPEAL was disputed by the Republican ring and accordingly a test case was made. Judge Rising decided that Mr. Bray could not legally draw a dollar from the county except his own salary.

After this judicial opinion one would suppose [that Mr. Bray, who says he acted in ignorance of the of certain party organs to his candilaw, would have refunded the money. | dacy. He did not see fit to do so however and the APPEAL would suggest that before the campaign progresses much further that the leaders tof the Republican party in this county, who are quite wealthy, turn back into the county treasury the thousands of dollars illegally paid Mr. Bray. It would be an excellent campaign dodge and put the party in a good light before the people.

As Might be Expected.

Two wings of the California Womens Suffrage Association are in full blast in San Francisco, each with a full set of officers and each claiming John Dennis and David Hill, the to be the only legalized body in the

Laura De Forest Gorden heads one faction and Nellie Holbrook Blinn the other.

Some months ago the Blinn ring voted the Gorden forces out at the primaries, but Mrs. Gorden who has been the President of the Association for over a quarter of a century refuses to go out. Hense the split.

This is the way when women get into politics.

With men when one faction gets downed it rises up as one man and shouts for the victors, all hands fall onto each others necks-and the candidate assessments-and the ball goes on.

But women. always unsympathizing, refuse to accept any sort of defeat and in any way abide by the rules of the ring.

Mrs. Gordon was fairly beaten in the election last winter and the graceful way would have been to surrender the scepter. This would also have been politic and helped to advance the cause.

Now when this legislature meets there will be two factions at Sacramento clamoring for the ballot, but the solons who do not want to vote for the bill will merely have to say: "Look at these wrangling women

i ncapable of self government." Bill indefinitely postponed.

How is This. The silver men of Ormsby are beginning to wonder how long it takes to clear the U. S. Mint of Republicans and replace them with silver men. It has been some months since the new Superintendent has taken charge and while men who voted the straight silver ticket two years ago were discharged, several dyed in the wool Republicans are still maintained. This sort of business is not good politics and ought to be rectified at once.

Buckley, Burns and Rainy appear to have a lead-pipe cinch on San getting back any sum from ten cents Francisco new.

A Bad Failure.

The Home Benefit Life Association of California has filed a petition of insolvency. The liabilities are \$35. 750, due principally to policy hold ers. The assets consist of \$1000 worth of real estate, \$7352,59 in out. standing claims and \$241,11 worth of personal property. The cause of the insolvency is the recent failure of the Mutual Benefit Association of America, with which it was connected,

Parks, the 130 carpenter has also quit, as men are on the way from Indiana to fill the positions. It is thus that the home rule plank of the Chicago platform is carried out. - Reveille.

Probably a Change of Trains.

It is reported that the double-service of passenger trains on the Central Pacific will be discontinued east of Reno after October 15th. A local will run from Reno to San Francisco. The through train will be a fast proil, This arrangement has not been extinitely settled by the company, that it is being seriously considered.

EDITORIAL NOTES

The health authorities of m Francisco recently discovered a herd of cattle afflicted with tubercolosis. The scoundrel who shipped them to a meat packing establishment to be killed and sold as food, boasted that he would succeed in getting them past the inspector. Lynching is too good for such people.
